The Des Moines Public Library is pleased to host a forum on the issue of coping with the cost of health care. The forum will provide an opportunity for citizens to discuss and consider the issue using materials developed by the National Issue Forums Institute.

Three approaches to the issue have been developed, each will be carefully considered by participants who will identify common ground they hold on the issues. Results from the forum will be combined with results from other forums held by Presidential Libraries and your voice will be reflected in a national report to policy makers.

This forum is cosponsored by the Hoover Presidential Library, the Belin & Blank International Center for Gifted Education and Talent Development, Iowa Partners in Learning, and Mercy Medical Center. For more information contact Laura Walth at 515.283.4957 or e-mail lawalth@desmoineslibrary.com.
